DEFINED COLORS IN
YOUR ARTWORK:

 PANTONE 368 U

☐

☐

☐

☐

☐

☐

☐

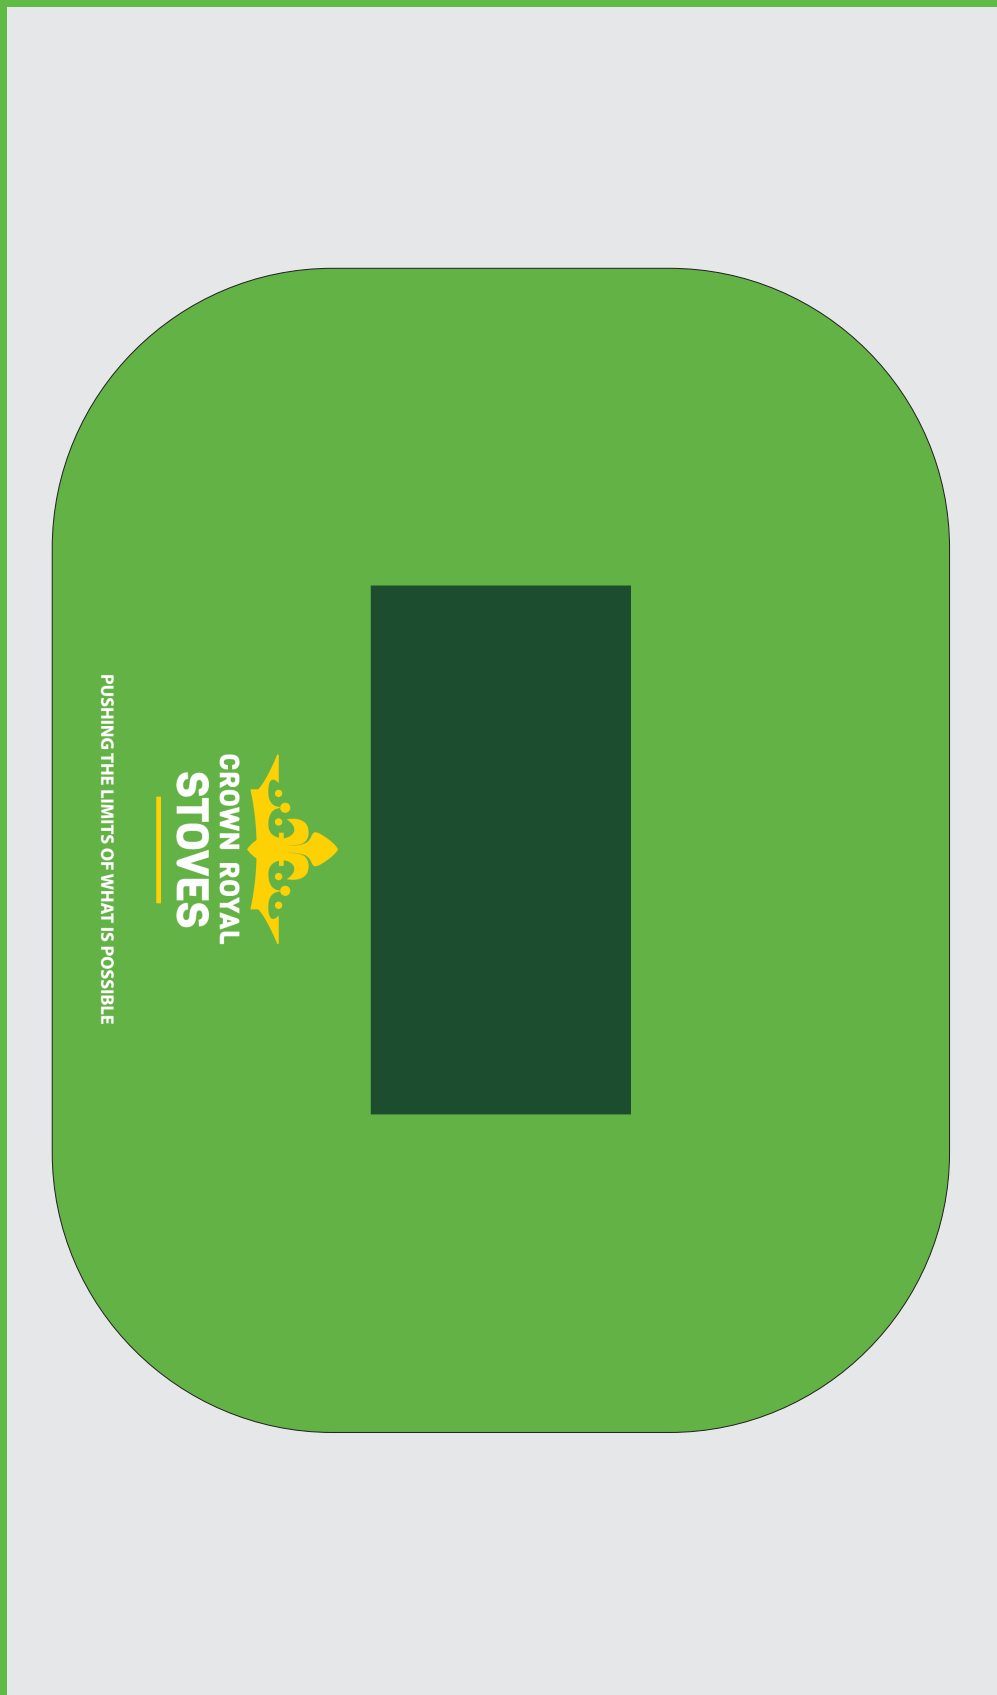

PLEASE NOTE:

Your project is a **CMYK digital print**. This means:

We will match defined PANTONE® (C, U, CP, UP) colors as closely as possible; however, 100% reproduction is **not possible**. Please reference a PANTONE® Color Bridge book for CMYK process color simulation when selecting your colors. We recommend purchasing a Color Match Swatch if there are critical defined colors.

If there are no PANTONE® (C, U, CP, UP) colors specified on this document, no complaints based on color output will be accepted.

Colors displayed on a computer monitor or printouts on other materials are not accurate depictions of how your product will print using our materials and technologies. We recommend purchasing a Hard Proof if you are concerned about the print output. **No complaints based on color output of images will be accepted.**

THINGS TO CHECK FOR
CORRECTNESS:

- ☐ Spelling and Text
- ☐ Color Selection
- ☐ Print Size
- ☐ Artwork Layout

YOUR ORDER IS ALREADY SCHEDULED FOR PRODUCTION. Contact us immediately if corrections or changes are necessary. If the proof is correct, print, sign and date it. Return by fax or email as soon as possible so production and delivery dates are not affected. After receiving signed approval, we will authorize the production process to begin. We are not responsible for mistakes found after approval. Once approval documents are signed, no changes can be made.

By signing below, I confirm I have reviewed this proof, found it to be correct, and am approving this project to be produced.
