

DEALER BURN CREDIT PROGRAM & FORM

This program is designed to offer our dealers the opportunity to purchase a Crown Royal Stoves at a discounted price. This provides the dealer a discount to burn a unit, along with a burning display for potential customers to see how the Crown Royal Stoves operate first-hand.

TO PARTICIPATE

1. Dealer must purchase the qualifying furnace at normal dealer price. Greentech Mfg, Inc. will credit the dealer 10% of the purchase price for the unit. The furnace must be installed and burning within 90 days of purchase date.

2. Dealer Burn Credit Program can be used every two years. Furnace **must** be installed at the same location for credit to be given more than once. Program only applies to active dealers and does not include friends or family.
3. Fill out the bottom portion of this form. Include pictures of furnace installed and burning.

Please e-mail to: office@green-techmfg.com
